Teen Teachers

Because of the youth worker’s retreat in training their workers, anyone who teaches a teen class can attend the adult seminars since much of the material in these adult sessions can be applied to teen teachers.

Adult Speakers

Dr. Pate is the SWID District Superintendent.

Dr. James Hicks -- We will explore the stages a class or small group goes through from birth to maturity. As time permits, we will also distinguish distractions and barriers in the minds of adults that teachers have to overcome.

Dr. Hicks serves as the SWID SDMI Chairperson.

Marilyn Irwin -- From the description of a “perfect” SDMI chairperson to ideas that can help your Sunday School grow, this presentation seeks to motivate present or future chairpersons. Responsibilities, strategies, and the importance of vision are highlighted.
