# THE FOR ( ) PROJECT

“You are the light of the world. A town built on a hill cannot be hidden. Neither do people light a lamp and put it under a bowl. Instead they put it on its stand, and it gives light to everyone in the house. In the same way, let your light shine before others, that they may see your good deeds and glorify your Father in heaven. - Matthew 5:14-15

**WHAT:** The “FOR ( ) Project” is a yearly initiative each April to help and equip churches across the Southwest Indiana District be churches that aren’t just “IN” their communities, but **FOR** their communities. We do this through service projects, servant evangelism, or just serving in places where there is need in our local area.

**WHY:** The old adage “they don’t care how much you know, till they know how much you care” rings true here. What if each church across Southwest Indiana showed they were a church **FOR** their city or town? What kind of impact could the church have if the people of our communities saw we weren’t just trying to stay shut in our church buildings, but were actively involved in our communities?

**HOW:** Meet with your leadership team, plan project(s) where you are truly loving and serving your community, pick a day in April, and GO. Be a church that is **FOR** your city!
