NDR (NATURAL DISASTER RESPONSE) PLANNING TEAM

The NMI council has chartered a new effort to determine the most effective means to respond to man-made and natural disasters here on the district.

Dave Lynn was tasked with creating a team to study what resources and partnerships were available and come up with a draft implementation plan by the next NMI Council meeting in April 2019.

Anyone with Red Cross experience, emergency response training (EMT, fire, security, etc...) or interest in disaster preparedness is welcome to send an email to Dave (davel8257@aol.com) and volunteer to participate on the study team.

A meeting will take place this Fall (date: TBD) to discuss our interests and resources. Additional meetings will be required to draft a planning document (bi-monthly).
